Introducing the “Doctor Please!” app

Object of the Assistance

The assistance services described below are provided to the holder of an AA Travel Insurance policy, as well as any other insured person who books and travels on their trip together, upon the renewal of your policy.

Assistance services

If you feel unwell during your trip and are unsure whether you can continue to travel, the insurer provides the opportunity for you to discuss your symptoms with a general practitioner. The doctor may deliver medical advice, perform a diagnosis or make recommendations for further steps to take, provided the symptoms allow it and it is medically justifiable. The online consultation should give you and your minor children peace of mind for the remaining duration of your travel time.

Video consultations are available in:

- English
- French
- Spanish
- German
- Portuguese

and can only be booked via the “Doctor Please!” app.

You can take advantage of the telemedical assistance via the “Doctor Please!” app, where you can schedule an appointment yourself. The “Doctor Please!” app is available as a free download from the Google Play Store and the Apple App Store. **You** will need an access code for the app, this will be sent to you in a separate communication once the policy has been renewed. Please note that insured dependent children over the age of 18 must set up their own account in this app. The consulting physician may also issue private prescriptions, if local regulation allows, via the app or to a pharmacy of your choice. **You** will be responsible for the costs of the prescription.

If, during the telemedical assistance, the doctor determines that your situation requires an in-person visit with a doctor to clarify your health condition and, if necessary, provide further treatment, the telemedical assistance ends. In this case, the doctor arranged by the insurer will recommend that you contact a local medical service provider (doctor, hospital or pharmacy) in order to coordinate any required further treatment with them. **You** can then contact our support teams, in order to be referred to a local healthcare professional, approved by the AXA network. Please note that the insurer does not provide a medical emergency service with this benefit. No immediate treatment is offered. If you have acute symptoms, please always seek local emergency care. Telemedical assistance is provided directly by the doctor arranged by the insurer. The insurer does not take any responsibility for the advice given and the doctor is solely responsible for his medical advice provided. The insurer will not provide any services beyond those described above. Should medical treatment or any further medical measures be required after a telemedical consultation, kindly refer to Section B – Emergency Medical and Other Expenses.

Frequently Asked Questions

What Travel Insurance documents do I need to take on holiday with me?

We advise you have your travel insurance policy number available in the event of a claim or emergency as well as all medical and claims emergency numbers should you need to contact AA Insurance Ireland. **You** should also take any state (EHIC) medical card and private medical insurance details with you, if they cover you and other policy holders whilst abroad.

Can I travel whilst pregnant?

Pregnancy is not a **medical condition**; you may choose to travel quite late into your pregnancy. Airlines and ferry companies, including cruise liners, have their own restrictions due to health and safety requirements, you should check with them, or any other mode of transport you propose to take, before you book. **We** will only pay claims due to a **complication of pregnancy** certified by a **medical practitioner**.

When does the cover begin and end on my policy?

If you are purchasing an annual policy then the start date of your policy should be the date that you wish cancellation cover to be effective from, not the actual date of departure on your first trip e.g. if travelling on 1 October and purchasing your policy on 1 September you will need to put in the 1 September as a start date in order to ensure you have cancellation cover between 1 September – 1 October. If you put in the 1 October there will be no cover under your insurance until you depart on your trip (1 October).

For Single trip policies cancellation cover starts on the date of purchase regardless of your actual trip dates.

How many times can I go away if I have an Annual Multi Trip policy?

There is no restriction on the number of times you go away during the period of this insurance on an Annual Multi trip Insurance policy; however each trip should not exceed 31 days in total for Value policies.

Can individuals on a family policy travel separately?

Under annual multi trip cover each adult is insured to travel separately but children must always travel with one of the adults named on the certificate.

What if I am travelling to more than one country?

Please ensure you select the areas that cover all destinations within your journey e.g. if you are planning to stay in France for a few days immediately prior to a trip to the USA you would require Worldwide cover (including the United States of America, Canada and the Caribbean) refer to **territorial limits** definition on page 9.

What should I do if I hold a Private Health Insurance policy?

If you have a Private Health Insurance policy which includes cover for overseas in-patient medical treatment up to a minimum of €55,000 and have therefore received a discount on your policy, this will be shown on your travel insurance certificate. If you are admitted into hospital abroad as an inpatient you must first claim against your Private Health **Insurer** up to your overseas benefit limit, before cover under Section B- Emergency Medical and Other Expenses of your policy will come into effect.
